

DECEMBER 2010

The latest acquisitions to our hire fleet are 2 no JCB 3CX ECO Sitemaster digger loaders. The machines were specified with higher horsepower engines, power shift transmissions and JCB's unique Torque Lock system which offers improved fuel savings and better hill climbing and higher road speed operations. The backhoes are fitted with Quick Hitches, hammer pipework and hose check valves on the lifting circuits. We offer these excellent high performance machines at competitive rates, please contact our Hire Desk for your requirements.
